

Performance* of School Districts Based on Poverty Level**: 2012-2013

Note: Numbers shown correspond to the districts indicated on the accompanying chart.

* Performance is based on student scores on standardized tests in math, science, social studies, and English; the percent of students tested; and high school graduation rates.

**Poverty level reflects 2011 U.S. Census data for children age 5 to 17 in families living in poverty, with an income of less than \$23,000 per year for a family of four. The Census Bureau does not provide data for the South Carolina Public Charter School District.

Notes:

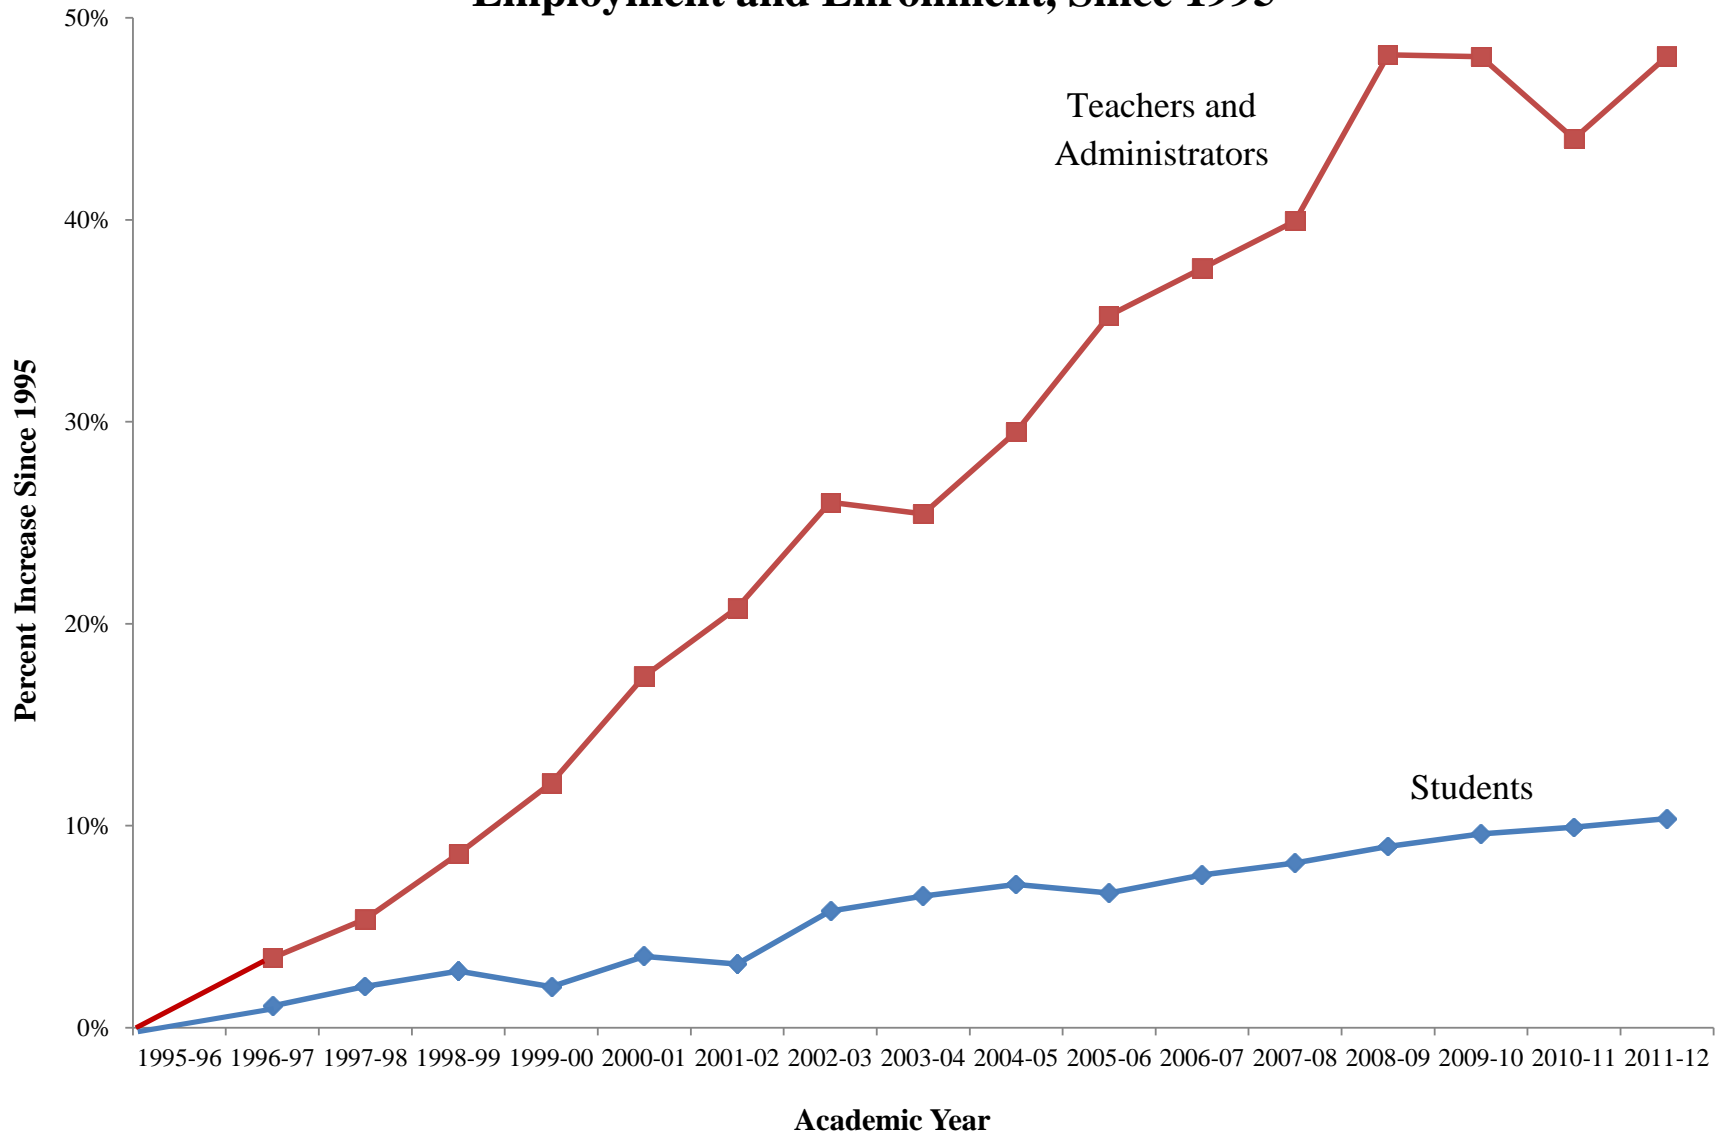

Inflation index used is CPI.

Revenue for 2011-12 and 2012-13 are estimates received from the South Carolina Budget & Control Board. 2012-2013 ADM is an estimate from the Office of Data Management & Analysis, South Carolina Department of Education. 2012-2013 inflation information is not yet available.

Student headcounts are average daily membership (ADM) for geographic public school districts. The SC School for the Deaf and Blind, the Governor's Schools, the Department of Juvenile Justice, SC Public Charter School District, and Palmetto Unified School Districts, or other alternative schools are excluded.

Revenue includes local, state, and federal receipts, plus grants. It does not include bond revenue for major construction and renovation.

Percent Change in South Carolina Public Schools Employment and Enrollment, Since 1995

Note: Enrollment includes all students (K-12).

Source: South Carolina Department of Education. Data as reported by the National Center for Education Statistics.

2 April 13

Percent Change in South Carolina Public School Employment and Enrollment, Since 1995

Academic Year	Student Enrollment	Percent Change from 1995-96	Teachers and Administrators	Percent Change from 1995-96
2011-12	703,486	10.3%	67,363	48.1%
2010-11	700,838	9.9%	65,508	44.0%

1995-96	637,519	0.00%	45,489	0.00%

For every classroom of 21 additional students who entered the system since 1995-96, an additional 7 teachers or administrators have been hired.

Notes:

Student Enrollment: 45th day headcount. The 45-day headcount is an actual count of students enrolled in (K-12) school on the 45th day.

Teachers and Administrators: Excludes bus drivers and mechanics, food service, maintenance, and custodial staff. Includes teacher aides, guidance counselors, librarians, instructional coordinators, coaches and trainers, and those providing health, psychology, speech, audiology, and other social services.
